

CHRIST'S CHURCH
OF THE CANYON

August 12, 2020

I was saddened to hear about Jerry Falwell Jr.'s significant misstep this past week. It seems that no matter how he tried to explain his actions as well as what he said most folks aren't buying what he's selling. The average Joe could probably do what "Junior" did and said and most likely get away with it. But, and Dr. Falwell knows this, there's a higher standard for those in ministry especially those in ministry and in the spotlight. That's why it's imperative that those in leadership roles at Christ's Church of the Canyon heed Dr. Falwell's unfortunate example. Ephesians 5:3-4 reads,

"But immorality or any impurity or greed must not even be named among you, as is proper among saints; and there must be no filthiness and silly talk, or coarse jesting, which are not fitting, but rather giving of thanks."

4 warnings that work pretty well in our culture today especially for leadership at Christ's Church of the Canyon especially here in Wrightwood,

- Be careful what you say
- Be careful how you act
- Be careful of what you post
- Be careful of what you email and text

See you Sunday!!!

His greatest blessings on you and yours,

Pastor Wayne
